

Core Bus Corridors UCD to City Centre

There has been a lot of thinking and work on the best routes for bus corridors.

These are known as Emerging Preferred Routes.

One route goes between the City Centre and UCD.

This bus corridor will start at the junction of Fitzwilliam Street Lower and Baggot Street Lower in the city centre.

The bus will travel along Baggot Street Upper, Pembroke Road and Merrion Road.

At St. Vincent's Hospital, the bus corridor runs along Nutley Lane onto the Stillorgan Road.

Here, it joins the Bray to City Centre bus corridor that connects to the UCD Campus.

Now, the bus journey from UCD to the City Centre takes up to 35 minutes.

With the bus corridor, this journey will take up to 15 minutes.

The route is 4 kilometres.

There will be new cycle lanes along this route. We will put in new pathways and pedestrian crossings.

We need to make changes along the route to make room for the bus corridor.

For example, changing road layouts, making changes to some land and gardens. taking away parking spaces, taking down and replacing some trees,

You will find a map for this route and an information booklet at:
