

BusConnects Cork Sustainable Transport Corridors

Community Forums

The NTA is fully committed to working with all interested parties in the development of the Sustainable Transport Corridors. We want to keep everyone on the proposed Sustainable Transport Corridors fully in the picture at all times. As such, Community Forums were established for each corridor. The aim is to create two way communications with local communities allowing information and feedback to be relayed clearly, quickly and accurately.

Membership of each forum will comprise of **TWO** representatives from resident and community associations, disability and special interest groups and business organisations on the corridors, along with local public representatives. As places are limited, only two representatives per group can be accepted.

Each Community Forum meeting will be chaired by a dedicated independent chairperson.

Email corkstc@busconnects.ie to register interest listing your name and both the association/group you are representing as well as the Community Forum you wish to register for.

Community Forum	Sustainable Transport Corridors
